

CARBON MONOXIDE - BE AWARE

GET YOURSELF A CO DETECTOR TODAY.

CO-Awareness is a registered charity that supports the many victims of Carbon Monoxide (CO) poisoning and other products of combustion (POC), their families and friends.

They campaign for the greater awareness to the dangers of carbon monoxide and other products of combustion associated with the burning of Gas, Oil, Coal and Wood.

Firesafe are supporting the sixth national **Carbon Monoxide Awareness Week**, organised by the charity. It will run from **14th-18th November 2011**. The aim of the week is to reduce incidents, fatalities and ill health due to carbon monoxide poisoning ("the silent killer") by raising awareness amongst consumers.

Firesafe are supporting this by offering customers a discount off the **Firesafe FDSCO9 CO Detector** throughout the month of November 2011.
